

1. Download the html, css, and image files for this exercise from Stream.
2. Complete the table in tutorial5.html to show the timetable information as displayed below.
3. Table cells should be vertically centred.
4. Invert the colours in the table header row.
5. Collapse the table borders to remove gaps.
6. The “Lecturers” section is a **<nav>** element containing 2 **<figure>** elements with associated **<figcaption>** elements (the lecturer names). Complete the **<nav>** element in tutorial5.html using the image files.
7. Convert the figures in links to the following urls;
 - Kuda: <http://www.massey.ac.nz/massey/expertise/profile.cfm?stref=844040>
 - Hans: <http://www.massey.ac.nz/massey/expertise/profile.cfm?stref=298930>
8. Modify tutorial5.css so that the images are at 50% opacity by default.
9. Modify tutorial5.css so that hovering over the images will change them to;
 - 100% Opacity
 - Rotated -5 degrees (counterclockwise)
 - Increased in **scale** by a factor of 10%.
10. Ensure that items in the nav elements do not contain underlines or symbols.
11. Ensure the 2 figures are displayed side-by-side.
